

Sustainable Farming for a Better Future

Established in 2017 in the Jordan Valley of Palestine, Rift Valley Farms is a female-led agricultural company producing premium organic Medjoul dates from over 4,200 palms. The region's unique climate, fertile soil, and low elevation provide exceptional growing conditions, giving our dates their distinctive flavour, soft texture, and premium quality.

Our work extends beyond our own farms through partnerships with small and independent growers across different regions. We support them with agricultural guidance, quality assurance, fair partnerships, and access to international markets. Through ethical sourcing, sustainable farming, women's empowerment, and full traceability, we aim to create lasting value for the people and communities behind every product.

Our portfolio also includes carefully selected olive oils, herbs, spices, condiments, and traditional foods, each chosen for its authenticity, quality, and connection to the people who produce it.

Organic Medjoul Dates

Premium Organic Medjoul Dates

Our Premium Organic Medjoul Dates are carefully sorted with exceptional accuracy to meet precise quality specifications, with only 0–15% skin separation. Available in sizes ranging from Super Jumbo to Small and offered in a variety of packaging formats, they are grown on our organic farm in the Jordan Valley of Palestine without chemical fertilisers, herbicides, or synthetic insecticides. The palms are irrigated using fresh spring water and groundwater, producing dates with a naturally soft texture and rich flavour.

Natural Medjoul Dates

Premium Natural Medjoul Dates

Savour the rich flavour of our Premium Natural Medjoul Dates, sourced directly from small Palestinian farmers. Grown sustainably and carefully monitored to ensure they are free from chemical residues, these dates are not certified organic but are produced according to strict quality and responsible farming standards.

The rarest grade in our natural Medjoul range, these dates are selected for their flawless appearance, tight skin, uniform colour, and relatively firm, chewy texture. With their exceptional presentation, they are a must-have for retailers seeking to impress their customers with a perfectly presented date that is as naturally sweet and delicious as it looks. Each date is sorted using advanced AI technology to ensure accurate grading and consistent quality in every box.

Choice

Natural Medjoul Dates

Savour the rich flavour of our Choice Natural Medjoul Dates, sourced directly from small Palestinian farmers. Grown sustainably and carefully monitored to ensure they are free from chemical residues, these dates are not certified organic but are produced according to strict quality and responsible farming standards.

With slightly higher skin separation of 10–25%, which is often barely visible, our Choice dates are naturally juicier, softer, and less firm than the Premium range, while remaining just as delicious and naturally sweet. Each date is sorted using advanced AI technology to ensure accurate grading and consistent quality in every box. From the farm to your table, every date reflects freshness, care, and responsible sourcing.

Delight

Natural Medjoul Dates

Savour the rich flavour of our Delight Natural Medjoul Dates, sourced directly from small Palestinian farmers. Grown sustainably and carefully monitored to ensure they are free from chemical residues, these dates are not certified organic but are produced according to strict quality and responsible farming standards. With 25–45% skin separation and natural colour variation, our Delight dates may have a more rustic appearance, but they are the juiciest of our natural Medjoul range. Soft, succulent, and naturally sweet, they are among our most popular dates for their exceptional taste and satisfying texture. Each date is sorted using advanced AI technology to ensure accurate grading and consistent quality in every box.

Classic

Natural Medjoul Dates

Savour the rich flavour of our Classic Natural Medjoul Dates, sourced directly from small Palestinian farmers. Grown sustainably and carefully monitored to ensure they are free from chemical residues, these dates are not certified organic but are produced according to strict quality and responsible farming standards. With 45-80% skin separation, our Classic dates have a more rustic appearance while retaining the juicy texture, natural sweetness, and rich flavour of Medjoul dates. Combining delicious quality with an accessible price, they offer excellent value for money and are ideal for customers seeking great taste at a competitive price.

Quirky

Natural Medjoul Dates

Our Quirky Natural Medjoul Dates may have 80% or more skin separation and a less uniform appearance, but they are every bit as delicious, naturally sweet, and full of flavour. Soft, juicy, and more affordable than our other grades, they offer exceptional value without compromising on taste.

At Rift Valley Farms, no date is left behind. Quirky on the outside and delicious on the inside, these dates prove that great taste does not have to look perfect.

Salmonella	Nil	Lab Test

Disclosure: Seller employs rigorous quality control procedures throughout the handling and packaging of the Medjool dates. However, given the perishable nature of fresh produce, minor variations are inherent and unavoidable. Buyer acknowledges and accepts a maximum tolerance of 5% of the total delivered quantity for imperfections resulting from natural causes, including but not limited to mold, variations in size and appearance, and minor deviations from the specified grading standards. This allowance does not excuse any defects resulting from negligence or improper handling on the part of the Seller.

Minimum Order Quantity

The minimum order quantity is one 20-foot container, with a minimum of two pallets per SKU. Each SKU must use the same box size and packaging format across its allocated pallets.

Flexible

EU and UK Fulfillment

For wholesalers and retailers requiring smaller quantities, we offer seamless logistics and fulfilment across the European Union and the United Kingdom through our warehouses in Germany and the UK.

Both pallet-based and carton-based orders can be supplied from our regional warehouses, subject to product availability. This provides flexible access to our products for wholesalers, distributors, and retailers of all sizes without requiring a full-container commitment.
